**Meet the Porch Crew**

**From The Tales of Keegan and Mabel: We're Twins**

**Different is their favorite thing about each other.**

## Ashley

Ashley is six years old, imaginative, curious, and very funny. She has a special way of understanding Keegan and Mabel, loves making up stories, and considers pizza and ice cream perfectly reasonable food groups. She often makes completely serious observations that leave the adults around her trying not to laugh.

## Mabel

Mabel is a giant schnauzer with a big, fluffy coat, an even bigger love for sticks, and LOTS of questions. She is curious, enthusiastic, loving, and never afraid to ask about something she does not understand. Her favorite things include adventures with Ashley, hanging out with Keegan, and finding a really good stick.

## Keegan

Keegan is a gentle and patient golden retriever who always seems to know just what to say. He loves spending time with Ashley and Mabel and has a way of making hard things feel a little easier to understand. Thoughtful and observant, Keegan is always there when his best friends need him.
